Profile

Experienced UX Designer with over 5+ years in creating user-centered digital experiences. Skilled in UX research, visual design, business needs analysis, and multimedia design. Proven Solving Problems and deliver value through continuous improvement and innovation. Adept at collaborating with cross- functional teams, mentoring, and providing actionable business solutions.

Experience

Senior User Experience Designer

LTIMindtree Limited | Pune, IN

Aug 2022 - Present

- Developed end to end UX strategies which includes user research, interaction design, and prototyping for dashboards, web apps, and mobile apps.
- Collaborated with cross-functional teams to align Design Methodology with business goals and customer needs.
- I am also a part of LTIMindtree core consulting team where I keep supporting sales teams in building up the business proposals (RFP's / POC).
- Implemented action plans and continuous improvement strategies to enhance user engagement and satisfaction by using design principles.

UI/UX Designer

Self - Employed | Freelance, Remote

May 2021 - Aug 2022

- Provided tailored UI/UX solutions for various brands and startups, managing a team of designers to handle multiple projects.
- Engaged with clients globally, delivering design methodology that met business needs and customer expectations.
- Utilized tools such as Figma, Adobe Creative Suite, and Sketch to create effective design prototypes and visual mockups.

UI/UX Designer

Nikulsan Digital Agency | Bangalore, IN

Sep 2019 - May 2021

- Conducted user research and usability testing, leading the redesign of the company's flagship product.
- Created high-fidelity wireframes and interactive prototypes using Figma and Adobe Creative Suite.
- Collaborated with product managers, developers, and stakeholders to deliver cohesive and User Centric Design Methodology across the platform.
